Dress Code:

These guidelines apply to equally to everyone on camp grounds, regardless of gender or position. Such guidelines are arbitrary in nature, but seek to ensure modesty is practiced by campers and staff. This modesty extends to the cut, fit, and printed messages of the clothing. Clothing must be modest. Students are provided with these guidelines and should pack accordingly. Issues concerning the dress code will only be addressed by a staff member of the same sex and will always be approached with grace, common sense, and without shaming the individual.

Shirts should be worn at all times and tank-tops should have straps at least 2 fingers wide, should not be low cut, should not allow midriff to show when arms are down, and should not have low cut arm holes. Additional garments may be worn under shirts that don't fit these standards to make them suitable. Shirts should not have inappropriate language or advertising.

Shorts (or skirts) should extend beyond fingers when held at sides with relaxed arms. Overly tight pants (leggings/yoga pants/etc.) should not be worn without something covering them (shorts, long shirts that extend beyond fingers, etc). As a rule of thumb, no underwear should be showing outside or through clothing. When swimming suits are used, modesty is encouraged and the dress code still applies; (no speedos, bikini's, or mid-rif displaying swimsuits allowed.) Wear clothes over suits as needed. Boys must wear shirts with their trunks.) Hats & hoods should be removed in appropriate settings as requested. Footwear should be worn outside in most circumstances.
